WILSON HIMSELF IS NOT SATISFIED

This is Answer of His Friends to
Accumulated Objections of Amer-
ican Commission.

THINKS IT BEST POSSIBLE

Thought Germans Will Make Elev-
enth Hour Bluff to Break Off
Peace Negotiations.

(By United Press.)

Paris, May 22.—That President Wilson himself is not satisfied with the German peace treaty, was the answer his friends made today to the accumulated objections of the American commission which came to a head this week through tentative resignation of nine of the members.

The president, his friends say, believes the treaty is the best it is possible to obtain, considering the conditions and circumstances.

Associates of the president said when the whole story of the peace conference is told, it will be understood why the treaty contains just what it does and why there are certain omissions.

The president, it was said, accepts the treaty as an accomplished fact, however, now that it is in final form.

According to information from authoritative American sources, the final form of the treaty is not that in which it came from the preliminaries. Whether this is the result it has not been possible to state, but there have been many changes in the text since it was printed.

Some of these changes are due to the fact that as printed it did not represent the exact agreement reached by the peace conference. As a result various members of the American commission have been going over the document with a fine comb ever since.

Will Sign "Under Protest"

Paris, May 22.—The German peace delegates will make an eleventh hour bluff to break off negotiations, just to test the terms the allies have determined upon, according to the belief expressed in official French circles today. Once the enemy realized that the economic blockade will be tightened and several allied armies brought to attention ready to march into Germany—either the present or substitute delegates will sign "under protest," is the way the French have figured it out.

In some quarters belief continues to grow that Foreign Minister Brockdorff will refuse personally to sign the document in the present form regardless of what his associates may do.

His expected withdrawal, it was said, would form the basis for the German bluff.

Demonstration For Peace

Berlin, May 22.—One hundred thousand independent socialists staged a great demonstration in favor of immediate peace. They bore numerous red flags and banners with the inscription, "We want only peace, bread and work." After they had been addressed by several speakers, the independent socialists marched to the square where 25,000 majority socialists were holding the demonstration against the treaty.

Before the appearance of the independent socialists, Chancellor Scheidemann addressed the crowd, declaring that "protest is Germany's only remaining weapon." Germany's final counter proposals to the peace treaty, it was learned from an authoritative source today, are as follows:

- 1—Insistence on fulfillment of President Wilson's principles.
- 2—Request for a plebiscite in the eastern and western provinces.
- 3—Acceptance of the principle of full disarmament but with the re-

MRS. CURRY HERE TONIGHT

Terre Haute Woman Will Speak at
Graham High School

A large attendance is anticipated for the lecture at the Graham high school building tonight at eight o'clock to be delivered by Mabel Dunlap Curry of Terre Haute under the auspices of the teachers of the city schools. Mrs. Curry will bring a message regarding woman's place and influence in the world, and it is stated that her address will be well worth hearing.

Pupils of Washington school will sing religious hymns for fifteen minutes before Mrs. Curry begins to speak. The city teachers will meet at 7:30 in another room of the building, this evening.

HOME SERVICE FUND

Mounts To \$618.90

Actual Reports Received by Elks
Committee Reveals This Sum
in Pledges and Cash

WALKER FIRST OUTSIDE CITY

With reports from only seven districts out of sixty in the county, the Elks committee in charge of the Salvation Army Home Service Fund campaign for \$3,000, today had \$618.90. Add to this the \$100 which the Tri Kappas made on Doughnut Day, yesterday, which had not been reported to the committee this morning, the total would be \$718.90.

William Arbuckle and Ed Lowden were the first committeemen outside of Rushville to make a report, and they sent in cash and pledges from the east precinct in Walker township to the amount of \$150. This is \$25 more than the quota assigned to them.

One committee in the business district raised \$187 and other committees in the same territory are expected to make equally as good a showing. Although the weather has been bad committees who are industrious, according to reports received here, will have their territory thoroughly canvassed by the end of the week, when the drive ends.

LIEUT. COMMANDER READ IS IN CHARGE

Skipper of American Seaplane NC 4
Fails to Make Jump-Off Today
Because of Weather

TOWERS GIVES HIM AUTHORITY

(By United Press.)

Punta Delgada, May 22.—Lieut. Commander Read, skipper of the American seaplane NC 4 is now in charge of completing the trans-Atlantic flight, it was learned today.

With his own machine, the NC 3, a hopeless wreck, Commander Towers has decided to turn over the authority to Read.

The flight to Lisbon was again postponed today. The refactored motor, which forced Read to call off the attempt yesterday, was in good condition today but a stiff wind had blown up such choppy sea that it was impossible to make the jump-off today.

TO RETURN TO FRANCE

Sheriff Jones received a letter today from Charles Montague, who was taken to the penal farm Monday to serve a 60-day sentence, in which he said that he would return to France as soon as he served his time. Montague declared he would probably return here to say good-bye to his friends.

PUT IN EXCHANGE WITH NO OPERATOR

Rushville Phone Co. Will Put in
Community Automatic System
in Glenwood at Once

BUILDING BEING ERECTED

Local Subscribers Almost Tripled
Since Automatic Was Installed
in 1917—Now Number 2,000

The Rushville Co-operative Telephone company is beginning construction of a small building in Glenwood which will house a "manless" and "womanless" exchange. It is one of the first steps being taken to install an up-to-date automatic system in Glenwood, which has been served in the past with party lines connecting with the Orange and Edmundo exchanges.

When the exchange is put in and phones installed, Glenwood people can call any person on the Rushville system by first dialing two numbers, which will put them on the Rushville system, and then dialing the number which they wish. Glenwood will be a two-number system, so that persons on the Rushville system will have to dial only four numbers to reach a person on the Glenwood exchange, two to get onto the line and two to get the person wanted.

It will be the same as calling Milroy now, with the exception that it will not be necessary to talk to an operator. In fact, it will be impossible to talk to an operator because there will be none there. When the system is installed, the exchange will be locked up, and only periodic inspections and necessary adjustments will be made.

Incidentally, it was announced today that the Rushville company had reached another milestone in its meteoric career by increasing its subscribers to 2,000. Some idea of the wonderful success of the company may be gained from the fact that when the automatic system was installed here in 1907, just 12 years ago, there were only 700 subscribers. The number has been almost tripled in little more than a decade.

It is believed that if the community automatic exchange at Glenwood is a success, directors of the company will be in a mood to develop other towns in the county the same way so as to bring about a unified and compact system in the county. These community exchanges are in use in Ohio and Michigan and have been uniformly satisfactory.

There are now about 35 phone users in Glenwood, which has an estimated population of 300, but with the service which will be offered with the installation of the automatic, it is expected this number can be greatly increased.

All subscribers lines will terminate at the community exchange board, which will greatly increase the capacity of the system and improve the service, giving full 24-hour automatic service on all local calls. Toll and information calls will be trunked to the Rushville exchange. This will keep the cost of operation at a minimum and enable the company to offer very reasonable rates. To install a manual board, making operators necessary would increase rates considerably.

BILL FOR \$39,000,000

(By United Press.)

Washington, May 22.—The bill carrying \$39,000,000 for payment of soldiers' family allotment and allowance checks was reported out this afternoon by the house appropriation committee. Chairman Good announced, Good said he will urge passage of the bill upon presentation.

LOCAL KNIGHTS TO PLAY PART OF HOST

Newcastle, Knightstown, Conners-
ville and Greenfield Command-
eries to be Guests June 1

ASCENSION DAY SERVICES

Dr. Allan B. Philpott of Indiana-
polis Will Deliver Address—
Committees Are Announced

The annual Ascension day services of the local commandery of the Knights Templar will be observed Sunday, June 1. Dr. Allan B. Philpott of the Central Christian church of Indianapolis will deliver the address of the afternoon at the Main Street Christian church at three o'clock. The Greenfield, Newcastle, Connersville and Knightstown commanderies will be the guests of the local commandery at this time. It is thought that the Greenfield commandery will bring more than a hundred knights and that there will be over three hundred in line.

Harry G. Strickland of Greenfield and Dr. O. E. Holloway of Knightstown, past grand commanders, will be present at this meeting and take a part in the services. All the committees with the exception of the ladies reception committee are requested to be present at the Temple Friday evening at 8 o'clock to complete the arrangements. It is stated that this meeting will not conflict with the joint lodge memorial services, which will be held the same afternoon but which will be over before the time the other is scheduled to begin.

The names of those serving on the various committees are given herewith:

Indiana Church Body Asks Pastors
to Object to Wet Plea

(By United Press.)

Indianapolis, Ind., May 22.—Opposing President Wilson's request that congress repeal the war time prohibition law, the Indiana Church Federation took steps today to counteract it.

Attempt to launch the campaign in all Hoosiers churches next Sunday will be made by Morton Pearson, secretary of the federation, who sent messages to all ministers of the state asking them to make vigorous objections to the president's request.

CONGRESS FACING BIG MONEY PROBLEMS

House Meets Today to Take up In-
dian Appropriation Bill and Other
Financial Measures

SENATE CLASH IS AVERTED

(By United Press.)

Washington, May 22.—Congress is now ready to begin its grind on big money problems.

The house met today to take up the Indian appropriation bill and other measures.

Senate republicans, taking advantage of the two day adjournment of the upper branch, are reconciling their differences and preparing to get down to business. The threatened clash of republican regulars and progressives over some committee appointments, including that of Penrose as chairman of the finance committee and Warren as chairman of the appropriation committee, is understood to have been averted.

House republicans pointed to passage of the woman suffrage amendment as indication of the speed with which they are disposing of important measures.

Committee organization is being hastened in both branches.

SUFFRAGETTES MOVE CAMP OVER TO SENATE

They Hope to Obtain Favorable Vote
to Submit Constitutional Amend-
ment to States Soon

TO BE SLOWER THAN IN HOUSE

(By United Press.)

Washington, May 22.—Suffragettes today moved their camp to the senate, where they hope to obtain within a few weeks a favorable vote to submit the national suffrage amendment to the states for ratification.

Following their 304 to 89 victory in the house yesterday, suffrage leaders predicted the senate in its third opportunity in two sessions will finally approve the resolution.

Senate Hiram Johnson, scheduled to be chairman of the suffrage committee, announced that he will lose no time. "I will get the committee together as soon as possible," said Johnson.

After the committee's action, they will bring the question before the senate before the league of nations and peace treaty or other great problems are discussed.

The vote is expected to be closer in the senate than in the house and may not be reached so quickly as in the house.

LOOKS LIKE DEAD ISSUE FOR SUMMER

Construction of Highways Under
County Unit Law Apparently
Impossible For Present

ROAD BONDS WILL NOT SELL

Contention of Tax Commissioners
That They Must O. K. Issues
Another Element of Delay

Construction of cement roads under the county unit road law passed by the last legislature, now looks like a dead issue, for this summer at least. When the county is unable to sell bonds for roads already ordered under the three-mile township road law, there does not seem to be much prospect of selling bonds for roads which are not yet ordered.

The county commissioners who, under the new road law, are expected to make a report this month on five or six petitions for permanent highways to be constructed according to the county unit act, but their report has been indefinitely postponed because of the failure of recent road bond issues to sell.

Although only two of five road bond issues offered Thursday, May 8, were taken, the county will make another effort to sell some road bonds Wednesday, June 4 when three issues will be offered for sale. They are as follows: An issue of \$11,200 to build the Chester Cross road in Jackson township; an issue of \$18,400 for the Fred Manus road on the Center-Jackson township line and \$20,160 for the Jacob D. Todd road in Center township.

A new element enters into the sale of bonds now which serves to delay the actual taking of the issues and indirectly holds up road building. The state board of tax commissioners maintains that the law gives it the power to pass on every bond issue of whatever character. An opinion of the attorney general puts another construction of the law. It says that road bond issues do not have to be approved by the state tax commissioners because they are really only local assessments. This leaves the question an open one, so that road bonds will not sell unless they have first been given the tax board's O. K. Some local attorneys do not believe that the tax board has the authority it claims, but nevertheless their claims throw a cloud on any issue which is not sanctioned by them. It is stated that some issues have been sold without

**America's
Immortals**

Most striking instances
of gallantry for which
the Distinguished Service
Cross has been awarded

The cold language of the official
records cannot conceal the thrill
that is to be found in every line of
each of the little stories that appear
below. These stories describe in
plain, matter-of-fact language feats
of the most unusual heroism per-
formed by members of the Ameri-
can army in France. They are the
most notable of thousands of cases
of exceptional bravery for which the
Distinguished Service Cross was
awarded on recommendation of Gen-
eral Pershing.

JOHN C. LATHAM,
Sergeant, M. G. Co., 107th Infantry.
Sergeant Latham was decorated for
conspicuous gallantry in action near
Le Catelet, France, September 29, 1918.
Becoming separated from his platoon
by a smoke barrage, Sergeant La-
tham, Sergeant Alan L. Eggers and Corp.
Thomas F. O'Shea took cover in a shell
hole well within the enemy's lines.
Upon hearing a call for help from an
American tank, which had become dis-

abled thirty yards from them, these
three soldiers left their shelter and
started toward the tank under heavy
fire from German machine guns and
trench mortars. In crossing the fire-
swept area, Corp. O'Shea was mortally
wounded, but his companions, undet-
tered, proceeded to the tank, rescued
a wounded officer and assisted two
wounded soldiers to cover in the sap
of a nearby trench. Sergeant Latham
and Sergeant Eggers then returned to
the tank in the face of the violent fire,
dismounted a Hotchkiss gun and took
it back to where the wounded men
were, keeping off the enemy all day by
effective use of the gun, and later
bringing it, with the wounded men,
back to our lines, under cover of dark-
ness. His home address is Knotts
View, Windermere, Westmoreland,
England.

CHARLES W. WHITTLESEY,
Major, 309th Infantry.

Major Whittlesey, the hero of the
"go to hell" refusal to surrender, was
decorated for conspicuous gallantry
and intrepidity in action with the en-
emy northeast of Binardville, in the
Forest d'Argonne, France, October 2-
7, 1918. Although cut off for five days
from the remainder of his division,
Major Whittlesey maintained his posi-
tion which he had reached under or-
ders received for an advance and held
together his command, consisting origi-
nally of 463 officers and men of the
308th Infantry, and Company K of the
307th Infantry, in the face of a su-
perior number of the enemy during the
five days. Major Whittlesey and his
command were thus cut off and no ra-
tions or other supplies reached him in
spite of determined efforts which were
made by his division. On the fourth
day Major Whittlesey received from
the enemy a written proposition to
surrender which he treated with con-
tempt, although he was at that time
out of rations and had suffered a loss
of about 50 per cent of killed and
wounded of his command and was sur-
rounded by the enemy. His home is in
Pittsfield, Mass.

GRANNIS I. SYVERSON,
Private, Company C, Sixth Machine
Gun Battalion, U. S. M. C.

Private Syverson was awarded the
Distinguished Service Cross for ex-
traordinary heroism in action near St.
Etienne, France, October 3, 1918. When
our advance infantry was forced to
withdraw, Private Syverson's machine
gun crew refused to withdraw, but
calmly set up their machine gun. The
gun was upset by a bursting hand
grenade, which also injured two mem-
bers of the squad. Despite these in-
juries they immediately reset the gun
and opened fire on the advancing Ger-
mans when twenty feet distant, caus-
ing the Germans to break and retreat
in disorder. Private Syverson's home
address is 1203 Sullivan street, Seat-
tle, Wash.

HENRY W. PHILBLAD,
Corporal, 78th Co., 6th Regiment, U.
S. M. C.

Corporal Philblad (deceased) was
decorated for conspicuous gallantry in
action at Blanc Mont, France, October
3, 1918. Corporal Philblad advanced
alone on two machine gun nests, which
he captured, killing several of the
crew with his pistol. Two hours later
he again went forward with two other
soldiers and was attacking another
machine gun nest when he was killed
by shrapnel. His home was in Knox-
ville, Ill.

**Powerful Pile
Remedy Discovered**

Has Never Failed to End Most Ob-
stinate Case of Piles in Few Days

For years it has been proved that
so-called external remedies applied
to or inserted in the rectum cannot
cure piles, and at the best can only
give temporary relief. Surgical op-
erations also do not remove this
cause, but simply the formation.

This wonderful prescription,
known as Miro Pile Remedy, is so
efficient in the treatment of piles,
that even chronic cases of from 20
to 30 years standing with profuse
bleeding have been completely cured
in from three to ten days. Think of
it! Just a few doses of a carefully
balanced prescription and the most
persistent case of piles is absorbed,
never to return.

All pharmacists dispense Miro or
can get it for you on short notice.
Surely it's worth the little trouble
to obtain it to be rid of piles for-
ever.

IMPORTANT—What is known as
itching piles are not piles in the true
sense of the word, although this
condition may accompany a true
case of piles. For this condition
Miro Pile Ointment has been pre-
pared as in such cases it is not
necessary to take the internal pre-
scription.—(Adv.)

Local Improvements.

The successful business man must base his life upon honor and integrity. Beyond and outside of these, he must have the compound of initiative, aggressiveness, determination, practicability and vision which America, in her love for condensation, has chosen to style "pep". Progressive towns must possess the same qualities. It must have the judgment to realize that its prosperity and growth depend on the home advantage and business advantages which it can offer. And it must have vision enough to see that expenditures which secure these advantages are not an extravagance but an asset.

Money spent in local improvements such as public buildings, schools, good roads, sewers, city water, gas and electric light, is money well spent. Undertaking any of these improvements is like making an excellent investment, which is bound to return dividends. The gain to the town reverts to the comfort and benefit of every citizen.

Who wants to live in a town without "pep", a town which drags out its monotonous existence without growth or improvement? When the question of a local improvement comes up, stand behind it, "boost" it, work for it, vote for it. Install local improvements, and you will see your town sought by business enterprises and manufacturing.

Stand up for local improvements first, last and all the time, and you will help make your home town a desirable place of residence and a progressive business center.

A Headstone to the League.

It is seriously planned to disfigure the magnificent Perry Memorial at Put-in-Bay on Lake Erie with an addition to be known as the Monu-

Sap and Salt

By BERT MOSES.

Common Sense will beat a classical education a dozen times out of 12.

A Bolshevik is a man who is "agin" dividends up to the time he succeeds in getting some.

No woman ever succeeded in making herself as ridiculous as the women in fashion pictures.

Some women are not much intellectually; but, as Eph Swope, says, they are "tremendous lookers."

Hez Heck says: "Too much culture is like too much stomach—it sticks out and makes folks laugh."

Married folks who do their loving in public hold the average true by doing their fighting in private.

If men would go at their work as energetically as they go at pie, a whole lot more would be accomplished.

ment to the League of Nations. Why the fanciful dream that is known as a league of nations should receive such commemoration is a mystery not explained. The league is not a reality, never has been, and may never be. Moreover it signifies the direct antithesis of the purpose that animated Perry when he achieved his memorable victory over the British in the War of 1812. He was fighting for the perpetuation of Americanism against the power that sought to destroy it. The league of nations seeks to wipe out by the pen what the English guns on Lake Erie sought to conquer on that memorable September day. There is no possible excuse for insulting the memory of the brave Perry by combining a league memorial with the handsome structure erected in his honor.

New Hampshire has enacted a law which makes it a crime to advocate or have in possession literature which advocates overthrow of government for force, or interference with lawful rights by force. This may get some of the Bolsheviks and may not. It all depends upon the kind of men who do the enforcing. The time may come when force of the kind exercised out West may be necessary in defending the country against the lawless element all over the country.

Germany has a providence watching over her. She wanted war and she got enough of it. Then she wanted peace and now she has more

of it than she knows what to do with.

The day is coming when all of us who can afford trips to Europe will engage our passage in an airship. Besides speed we shall probably get good ventilation.

Our modest young returned soldiers and sailors are much more anxious about the fit of their new "civies" than over public demonstrations.

Americans used to be renowned in Europe for being good spenders. Now their reputation throughout the world will be that of good lenders.

Peas.

Peas are not adapted to growing in very small gardens, as they require much space. The smooth varieties may be sown very early or just as soon as the ground is in shape to work in the spring. The wrinkled varieties should not be sown until the ground has warmed slightly. Some of the dwarf varieties can be grown without supports, but the larger growing sorts require brush, a wire trellis or some form of support.

The old fashioned English sugar pea on good soil will grow to a height of five or six feet and produce peas until mid-summer. It should be borne in mind that under ordinary conditions peas do not withstand great heat, and that they must produce their crop before mid-summer.—United States Department of Agriculture.

The Total Number Reported by The Commanding General of the A. E. F. is 228—

104 ARE WOUNDED SLIGHTLY

Washington, May 22.—The commanding general of the American Expeditionary Forces issued the following number of casualties for today: Killed in action, 9; died from wounds, 11; died of accident and other causes, 24; died of disease, 25; wounded severely, 36; wounded, degree undetermined, 25; wounded slightly, 168; missing in action, 25; total, 323.

The names of twelve Indiana men were reported:

Wounded, degree undetermined—Private Nicholas J. Yourkewich, East Chicago.

Wounded slightly—Corp. George Orange Daley, Graysville; Private Edwin Widaman, Kokomo; Private Robert Sweeney, Bluffton.

Died from accident and other causes—Private Willis O. Kimball, Indianapolis; Oscar Holtselaw, Danville.

Killed in action, previously reported missing in action—Private Iotis Wilson, Bargersville; Private Orla Russell Simmons, McCordville; Earl O. Magnett, Tipton.

Returned to duty, previously reported missing in action—Private Isaac Bollinger, Jeffersonville; Private Roy Ryan, Crete.

Erroneously reported died of disease—Private William E. Wright, Fairmount.

ARTHUR F. BRANDT,

Corporal, Co. E, 168th Infantry.

Corporal Brandt, whose home was with his mother, Mrs. W. F. Brandt at Postville, Iowa, won the Distinguished Service Cross for conspicuous bravery in action northeast of Verdun, France, October 16, 1918. After his company had been in action three days, during the attack on the Cote de Chatillon and was to be relieved, Corporal Brandt volunteered to guide the company to a position of security in the rear which he had selected. While the relief was being made under shell fire, this soldier and four others were severely wounded by a bursting shell. Realizing that his wound would prove fatal, Corporal Brandt while being carried on a stretcher indicated the route to be taken by the company, being wounded in the face and scarcely able to talk. Through his extraordinary fortitude and will power, the company was able to reach its position over difficult terrain and under enemy fire. Corporal Brandt died from his wounds the next day.

IT'S NOT YOUR HEART; IT'S YOUR KIDNEYS

Kidney disease is no respecter of persons. A majority of the ill-afflicted people today can be traced back to the kidney trouble.

The kidneys are the most important organs of the body. They are the filters of your blood. If the poisons which are swept from the tissues by the blood are not eliminated through the kidneys, disease of one form or another will claim you as a victim.

Kidney disease is usually indicated by weakness, sleeplessness, nervousness, despondency, backache, stomach trouble, pain in loins and lower abdomen, gall stones, gravel, rheumatism, sciatica and lumbago.

All these derangements are nature's signals that the kidneys need help. You should use GOLD MEDAL Earlem Oil Capsules immediately. The soothing, healing oil stimulates the kidneys, relieves inflammation and destroys the germs which have caused it. Go to your druggist today and get a box of GOLD MEDAL Earlem Oil Capsules. In twenty-four hours you should feel health and vigor returning. After you feel somewhat improved continue to take one or two capsules each day, so as to keep the first-class condition and ward off the danger of other attacks.

Ask for the original imported GOLD MEDAL brand. Three sizes. Money refunded if they do not help you.

BEATEN GERMANY LOOKS TO THE EAST

Russia, Japan and China Expected to Aid in Her Revenge Against Western Democracies.

PLAN MADE TO BREAK TREATY

Her First Step in the New Course Will be to Gain the Confidence of Easterners

By J. W. T. MASON
(Written for United Press.)

New York, May 22—Germany is preparing to turn to the east for revenge. German statesmen, crafty, unscrupulous, and full of resentment against the western democracies are laying plans to break the peace treaty after the signatures have been forced from the defeated plenipotentiaries at Versailles.

Germany is looking to Russia, China, and Japan for eventual help in creating a new league to overthrow the western nations; control of the world. Germany, Russia, China, and Japan are all disappointed at the outcome of the peace negotiations. China believes she has been deserted by the western powers; and the Japanese are resentful because they have not been recognized as the racial equals of the white people of America and Great Britain.

Germany, therefore is hopeful of making subtle suggestions to China and Japan concerning the advantages of a secret league to seek revenge against the west. Russia has been denounced by the victor nations in Europe as an outcast nation. France in particular, has forgotten her own revolution when two-thirds of the French national debt was repudiated and four hundred dollars in French paper money sold for one dollar in real cash.

France's refusal to co-operate with America and Great Britain in trying to help the present Russian government get on its feet has made real assistance to Russia impossible. Russia, therefore, is now unable to count on help from the west. If the Germans can assist Russia to recover her balance, it will be to Germany that the Russians will naturally turn for future guidance.

Germany's first step, therefore in her search for means to break the peace treaty, is to form an intimate relationship with Russia. Already efforts are being made in Berlin to this end. German agents are in Russia advocating the mutual advantage of secret co-operation between the two nations.

Once this movement shows signs of progressing, its spread into China and Japan will be deftly sought by Germany's leaders. Germany threatened this very outcome to Ambassador Gerard when America was preparing to enter the war. The ruthless brutality of the Germans during the war savors more of an oriental race than a western nation. The Germans may thus claim racial relationship with the Orient for the purpose of urging co-operation.

The situation is certain to develop

A HOT SPOT Chalmers Responds Like a Spirited Horse

THE huge, road rolling type of motor car with gigantic engine has less friends than once it did. For everyone nowadays likes "life," get-up-and-go, in a car just as he or she does in a human being, or an animal.

That's why the Hot Spot Chalmers has won friends in ever increasing numbers.

It has the ginger of a spirited horse.

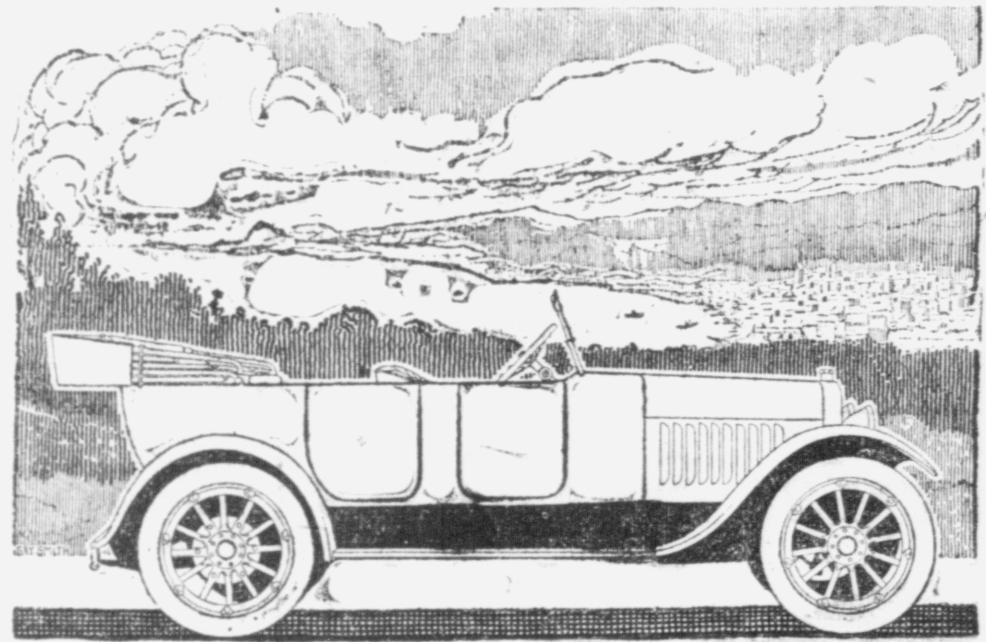

Ask for a little and you get more than you ask.

All because its great, magnificent engine "chews up" gas and delivers power results in uncanny fashion.

Hot Spot "breaks up" the gas so that when Ram's-horn dispatches the "powdered" gas to the cylinders you get every particle of power nature put into gas.

Hence a brute type of an engine is not found in a present day Chalmers, but a medium sized engine that delivers a wallop with a silky smoothness almost beyond belief.

Ride once with your foot on the little button of a Hot Spot Chalmers and your conception of a motor car is changed; thereafter you too will say Chalmers is one of the few great cars of the world.

into a serious menace unless the western diplomats quickly begin to counteract the new German propaganda. Russia is the key. With Russia hostile to Germany's designs, the Germans will be impotent. They will be geographically isolated from the far east and unable to form an effective oriental alliance. The western democracies, therefore, must revise their treatment of Russia, or see Germany continue as a dangerous plotter against civilization's progress.

LOOKS LIKE DEAD ISSUE FOR SUMMER

Continued from Page One
first being approved by the state board, which has not taken the question into court for a test case.

Although the Arlington bank bid par and accrued interest on the issue of \$22,240 to build the Tribby cement road in Arlington, the sale has not yet been made because the state board has never sanctioned the issue. An Indianapolis bonding house is said to have agreed to take the issue of \$33,396 to build the John R. Weir road in Noble township. This sale is also awaiting the official O. K. of the tax board.

Should the Weir road, which will be an extension of the Frank Capp cement road running south out of Rushville to the Noble township line be built this summer, it is believed that there is some prospect of extending the road to the county line under the county unit law. Road boosters are a bit blue about the prospects of building under the law this summer and will be thankful if they get that much through.

There is a disposition, anyway,

not to go too far with construction under the county unit law until the program of the state highway commission is fully prepared. The county does not want to build any permanent roads which the commission may build from the state highway fund.

out-of-town guests included Mr. and Mrs. Cy Green of Morristown, Mrs. Allen Messick of Marion, Ind., Mrs. George Delorty of Elwood, and Miss Schmidt of near Batesville.

A quiet home wedding was solemnized yesterday afternoon at five o'clock at the home of Mr. and Mrs. Edgar Archey in Milroy, in the presence of only a few friends and relatives, when their daughter, Miss Clara Archey, became the bride of William Bentz of Indianapolis. Miss Archey, who is well known in and about Milroy, was attired in a dark navy blue suit with hat and shoes to match. Mr. Bentz is also widely known as a traveling salesman for George B. Brinkmyer of Indianapolis. After a short wedding trip to Cincinnati they will be at their home in Indianapolis.

Mr. and Mrs. Jacob Myers were surprised at their home east of Raleigh by the Neighborhood club, Tuesday evening. The guests were Mr. and Mrs. Robert Sharp, Mr. and Mrs. Charles Miller, Mr. and Mrs. Ivan Mohler and family, Mr. and Mrs. Otis Rittner and family, Mr. and Mrs. Fay Bittner, Mr. and Mrs. Alvie Merritt and family, and Mrs. Charles Caldwell and family.

PROGRAM BY GRADE PUPILS

Because of the unusual character of the program to be given by grade pupils at 2:15 tomorrow afternoon in the Graham Annex gymnasium, a large attendance is expected. It will consist of a series of "setting up" exercises, singing games and folk dances, given under the direction of Miss Marjorie Smith, physical director.

1,200 ARE MADE HOMELESS

Fire Destroys 9 City Blocks in Mobile, Causing \$700,000 Damage

(By United Press.)
Mobile, Ala., May 22.—More than 1,200 people were made homeless by a fire that destroyed nine city blocks and caused a damage of \$700,000 here last night.

The blaze started in a trash pile in a coal yard on the water front. Fanned by a stiff wind, the fire spread rapidly and soon was beyond control.

Porto Rico is taking a great quantity of electrical goods from this country.

SIMPLE COMBINATION HELPS WEAK EYES

Rushville people are astonished at the quick results produced by simple witchhazel camphor, hydrastis, etc., as mixed in Lavoptik eye wash. In one case of weak and near-sighted eyes a few days use brought great improvement. In another case it stopped eye pains and inflammation. We guarantee a small bottle of Lavoptik to help ANY CASE weak, strained or inflamed eyes. Aluminum eye cup FREE. F. E. WOLCOTT.—(Adv.)

Great Sport for the Kiddies and \$10 In Prizes EACH WEEK

To those who send in the best colored pictures — Crayon or water colors.

A page of "COLORTOY" cut-out pictures will appear in The Star next Sunday, May 25.

Every kiddy in town will want to cut out these interesting pictures of circus animals and color them, just for the fun of it.

But the boys and girls who take pains in doing it can make some real money at the same time.

The Star will give \$10 in prizes each week for the best colored pictures. The first prize is five dollars, the second prize three dollars and the third prize two dollars. The next twenty-five best colored sets will receive honorable mention.

It's easy and interesting, and every child will miss hours of real fun if he or she doesn't get these pictures.

WABASH TELEPHONE MANAGERS MET TODAY

E. M. Van Nostram Talks on Effects and Results of Federal Control of Wires

D. H. WHITMAN TO TALK ALSO

Marion, Ind., May 22.—Federal control of the telephone wires and its results and related problems were to be taken up by telephone men here today at a meeting of the Wabash Valley Telephone association. The association membership consists of telephone managers of whom E. M. Van Nostram is president.

"Effects and Results of Federal Control" is the subject upon which W. H. Van Horn, manager of the Home Telephone Company of Wabash, addressed the meeting. D. H. Whitman, commercial superintendent of the Central Union Telephone company of Indiana, was to talk on "Trend and Possibilities of Exchange Service Rates." B. E. Earley, manager of the United Telephone Company of Bluffton, discussed "Profits From Directory Advertising."

Mayor Elkanah Hulley welcomed the telephone men.

WOMEN HAVE AN EQUAL VOTE IN CONFERENCE

First Political "Pow-Wow" to be Attended by Both Sexes Opens at Capital

WOMEN SITTING AS DELEGATES

Washington, May 22.—The first national political "pow-wow" in history to be attended by both men and women opened here today with chairmen of both the men and women's Republican state central committees sitting as delegates.

Republican party chieftains at the opening of the conference said that women delegates would have an equal voice with the men in deciding organization maneuvers and policies to be outlined with a view of carrying the party to victory in 1920.

The prospects for the passage of a constitutional suffrage amendment during the present session of the 66th congress are also expected to come up for discussion.

The conference, which met at 10 o'clock this morning is to continue through today and tomorrow, ending with a banquet tomorrow night.

TAX ON NIGHTIES

New York, May 22.—Good Morning, have you paid your nightgown tax?

Yes, the nightie, nightie is a luxury, and local tax collectors are being bombarded with requests for information, down to the barest details.

But, it should be explained, the nightgown tax applies only to the five dollar kind. The difficulty is that nighties costing less than that are practically obsolete. Anything under five bills, according to authorities on the subject, is of ancient Gothic design, square cornered, canvas material, plain white or vanilla in color, turned out in lots of thousand at a time by the simple process of taking a bale of sail cloth and stamping out a hole for the neck and shoulders.

Callus? Peel It Off Quickly!

Nothing On Earth Like "Gets-It" For Corns and Calluses.

A spot of thickened skin on the bottom of your foot which so often makes walking an agony, is as easily removed by wonderful "Gets-It" as

Callus Comes Off Like Banana Peel! any hard or soft corn anywhere on your toes. Look at this picture. A few drops of "Gets-It" did the work. The callus comes loose from the true flesh. No irritation whatever. You peel the callus right off just like a banana peel—peacefully, painlessly. "Gets-It" does the same thing to any corn, without the use of sticky plasters, irritating salves, greasy ointments or bandaging tape. There's no fussing—no knife, no scissors to use. "Gets-It" is used by millions, because it's common sense, and it never fails. Try it, prove it. "Gets-It" is the guaranteed, money-back corn-remover, the only sure way, costs but a trifle at any drug store. Mfg'd by E. Lawrence & Co., Chicago, Ill.

STRONGER MEN TAKE THE LEAD

They Have Nerves of Iron and Real Red Fighting Blood

Vital force is the material from which leaders in all walks of life are made. It is well worth getting and holding.

The health and nerve of the athlete's what Nature intended every man and woman have.

The blood of an athlete is pure and red, a strong heart pumps and drives it through his body. No wonder that every inch of his system is filled with energy and health, his nerves like iron, spirits high, hard tasks a pleasure and life one song of joy.

A leading Doctor says, "Everyone should feel this way. That if you are not red blooded, are nervous, all run down and on your last legs, for you to build up your blood and nerves with exercise, fresh air, nourishing food and Nature's great prescription, Phosphated Iron a real blood and nerve builder."

He also says, "Phosphated Iron feeds the blood cells with iron and nerve force, and that leading specialists are now using it successfully all over the country, that it is one of the few remedies that better class doctors can now depend on to produce results."

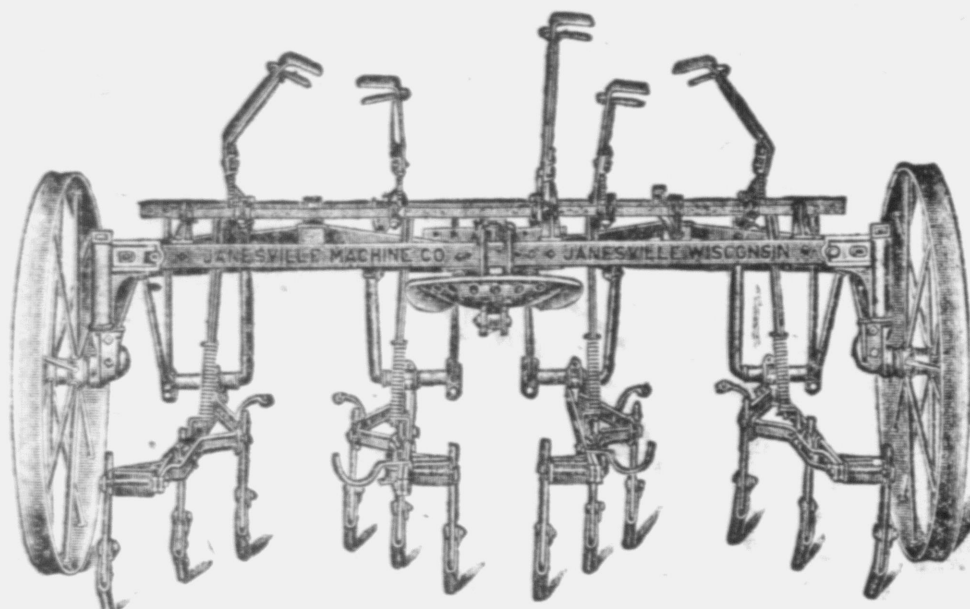

Special Notice: To insure doctors and their patients getting the Genuine Phosphated Iron we have put in capsules only, so do not allow dealers to sell you pills or tablets.

Janesville Two-Row Cultivator

WHEN you sit comfortably on the easy riding Janesville Two-Row, and see every plant in every row getting *exactly the cultivation you want it to have*, you think what a blessing it is that you have a machine to do all *that* work. The old timers would think so if they could see you getting over the field so rapidly, and doing the work better than they ever did.

The Janesville Floating Arches solve the problem. They are hung by pendulums from the top bar and swing from side to side with a pendulum movement. You widen or narrow the gangs in the row with your feet. Or lock them at any width desired.

The shovels naturally follow the rows, but you can shift them to either side so quickly and so easily that you can hoe every hill without stopping the team.

Your own weight on the seat bars acts as a lever to turn the wheels slightly up hill—this big advantage takes the down-hill creep out of side-hill plowing. The entire machine is light, compact, flexible—no oiling needed except in wheel boxes.

Cultivate with a Janesville Two-Row—and you will forget that there ever was hard work in cultivation.

Our Interest Doesn't Cease When the Goods Leave Our Store

We are just as much interested as you are in good work by the implements that you buy from us.

When you come into our store to buy an implement, you are mainly interested in getting a good bargain. And we are mainly interested in giving you a good bargain.

As we see it, there isn't a particle of difference between a good bargain for you and a good sale for us. They mean exactly the same thing.

If the implement you buy gives you full satisfaction in actual work, you have made a good bargain and we have made a good sale. No matter what you buy of us, we are concerned in its giving satisfaction.

We live here among you. We do business over and over with the same people. We know that we can't make future sales by selling unreliable goods, but that the extent of our patronage depends upon the satisfaction given by each and all of the implements we sell.

To help us carry out this policy of ours, we handle only high-grade implements and machinery that have a reputation for satisfactory service in the hands of the farmer.

Our interest follows these implements and machines into the field and, if for any reason they fail to work properly, we take steps to find and remedy the trouble.

Our business is founded on confidence—and service. Make our store your headquarters when in town.

BARGAINS ARE ALWAYS ADVERTISED

Rheumatism Leaves You Forever.

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System Within Twenty-four Hours.

Every druggist in this county is authorized to say to every rheumatic sufferer in this vicinity that if two bottles of Allenru, the sure conqueror of rheumatism, does not stop all agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment.

Allenru has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and pitiable and where the patient was helpless.

Allenru relieves at once. Immediately after you start to take it the good work begins. It searches out the uric acid deposits, dissolves the secretions and drives rheumatic poison out of the body through the kidneys and bowels.

It's marvelous how quickly it acts. Blessed relief often comes in two days, and even in cases where the suffering is most painful all traces disappear in a few days.

Mr. James H. Allen, the discoverer of Allenru, who for many years suffered the torments of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allenru decisively conquers this worst of all diseases, and he has instructed all druggists to guarantee it in every instance. adv.

Please,—Thank You!

Advertising

This is an advertisement.

Not a very long one, to be sure, but an advertisement.

It has a most unusual purpose—to advertise advertising.

The message is this :—

Don't miss the advertisements in this newspaper.

Many of them make good reading just from the news and educational standpoint alone.

But more than that :—

Advertisements keep you in touch with the world's progress.

They point the path to little comforts that were unknown in the old days.

They announce the latest styles and tell you where to go to get the most and best for your money.

They help you save.

They protect you from fraud.

Don't miss the advertisements.

They are guide-posts to better buying.

NOTICE OF INSOLVENCY

In the Matter of the Estate of Mary H. Gorman, Deceased.
In the Rush Circuit Court. No. 2596.

Notice is hereby given that upon petition filed in said Court by the administrator of said estate, setting up the insufficiency of the estate of said decedent to pay the debts and liabilities thereof, the Judge of said Court did on the 14th day of May, 1919, find said estate to be probably insolvent, and ordered the same to be settled accordingly. The creditors of said estate are therefore hereby notified of such insolvency and required to file their claims against said estate for allowance.

Witness, the Clerk and seal of said Court at Rushville, Indiana, this 14th day of May, 1919.

Donnie Zettie (Phillips) Mahin

Donnie Zettie (Phillips) Mahin, was born in Decatur County February 16, 1870, and died April 21, 1919, age 49 years, 2 months and 5 days. She was united in marriage to R. E. Mahin of Rush County, September 17th, 1892. To this union were born two children, Ray, who departed this life April 27th, 1914, at the age of 21 years and Annie Fay age 21 years. Her mother has also preceded her, departing this life July 11, 1898.

She is survived by her husband, R. E. Mahin, her daughter Annie Fay, her father, Mr. Jas. Phillips, and two sisters, Mrs. Nettie Craig, of St. Omer, and Mrs. Florence Gahamer of Rush county. One brother in Oklahoma.

Some thirteen or fourteen years ago she united with the Christian church of Homer, Indiana, and retained her membership at this place until her death. She departed this life near Batesville, Indiana, after a brief illness of influenza.

The words of Tennyson can appropriately be used in tribute to the dead.

Sunset and evening star,

And one clear call for me

And may there be no moaning of the bar

When I put out to sea.

But such a tide as moving seems asleep

Too full for sound and foam

When that which drew from out the boundless deep

Turns again home.

Twilight and evening bell

And after that the dark

And may there be no sadness of farewell

When I embark.

Far though from out our home of time and place

The flood may bear me far

I hope to see my Pilot face to face

When I have crossed the bar.

Sharks Piled Up Like Cordwood.

Seven thousand sharks, split in half, dried and piled up like cordwood, filled the hold of the Gryme, which arrived at San Diego, Cal., from Guadalupe Island and Ensenada, Lower California. The cargo will be used for fertilizer and for soaps and cosmetics.

THE OLIVER ONE AND TWO ROW

You will not find any neck weight on the Oliver Cultivators. The close, direct hitch is one of the main features that makes the two-row the lightest draft on the market. The gangs are eagle claw and are short and do not extend back of the wheels. The shovels work directly under the frame, which eliminates the neck weight and makes it the lightest draft two-row on the market. For sale by

MORE RED BLOOD AND STEADIER NERVES FOR RUN DOWN PEOPLE

The World Demands, Strong, Vigorous, Keen-Minded, Men and Women

It has been said of Americans that they work their habits overtime.

Many become nervous and inefficient by overwork.

By worry, despondency, social affairs, robbing brain and body of needed rest; excessive use of tobacco, indulgence in strong alcoholic drink—excesses of every kind that burn up the vital powers so necessary in these trying times to make both men and women fit to be of help to themselves and others.

It is time to be temperate in all things. The man or woman with impaired nerves caused by impoverished blood lacks vigor, the ambition, the endurance and the keen mind of those who avoid excesses.

Timidity, despondency, fear, trembling hands, want of confidence and even cowardliness, are due in a large measure to abused nerves.

People with plenty of red blood corpuscles and strong, healthy nerves have no desire to shirk work and lean on others for guidance and support.

There is hardly a nerve-shattered man or woman (unless of an organic disease) in America today who cannot become alert and clear in mind; vigorous and energetic in body in a very few weeks and at trifling cost.

To become strong and ambitious, to feel that work is not drudgery; to have steady nerves, abundance of red blood and power of endurance; to be not only a man but as men now go, a superman, you must take seven tablets of Bio-feren every day for seven days—and take them faithfully.

Take two after each meal and one at bedtime and after seven days take one only after meal until the supply is exhausted.

Then if you feel that any claim made in this special notice is untrue—if your nerves are not twice as steady as before; if you do not feel ambitious, more vigorous and keen-minded, the pharmacist who dispensed the tablets to you will gladly hand you back just what you paid for them.

Bio-feren is without doubt the grandest remedy for nervous, rundown, weak, anemic men and women ever offered direct through druggists and is not at all expensive. All druggists in this city and vicinity have a supply on hand—sell many packages.

FOUR FORMER WINNERS WILL COMPETE FOR FIRST HONORS IN BIG INDIANAPOLIS RACE

A long standing argument as to the supremacy of four former winners of championship events on the Indianapolis Motor Speedway will be decided during the Indianapolis 500-mile Liberty Sweepstakes race, May 31st, when Jules Goux, Rene Thomas, Ralph De Palma and Dario Resta join battle in that event.

Goux was the first European ever to win an Indianapolis classic, romping home in handy fashion at the wheel of a Peugeot in 1913. Next year he was not so fortunate, being beaten by Rene Thomas, another Frenchman, with a Delage.

In 1915, the world war kept the Europeans too busily engrossed to participate in the Hoosier contest, with the exception of Dario Resta, with whom Ralph De Palma fought

the greatest speed duel in racing history, winning out only after 500 miles of the most sensational driving, with the decision in the balance until the last lap.

The year following Resta turned the tables, however, running away from the field and holding the race in the hollow of his hand the entire distance. This was the year that Resta won the A. A. A. driver's championship, and cleaned up more than \$45,000 in prizes.

Which one of the quartet will demonstrate himself to be the best man in this year's five-hundred-mile encounter? Here is a question that the wisecracks are puzzling over, with one guess as good as another. At this writing it looks like a neck-and-neck race from the starting signal to the finish bomb.

Prices Smashed

The thing the motorist has been waiting for has happened—Tires have been reduced 15% in price to the consumer. The following is a comparison between some of the old and new prices in order to give you an idea of what this means:

30x3	Goodyear, Non Skid, Fabric was \$18.50, now \$15.75
30x30½	Goodyear, Non Skid, Fabric was \$23.50, now \$20.00
32x3½	Goodyear, Non Skid, Fabric was \$27.45, now \$23.35
31x4	Goodyear, Non Skid, Fabric was \$36.65, now \$31.25
32x4	Goodyear, Non Skid, Fabric was \$37.40, now \$31.85
33x4	Goodyear, Non Skid, Fabric was \$39.25, now \$33.35
34x4	Goodyear, Non Skid, Fabric was \$40.10, now \$34.10
30x3½	Goodyear Cord was \$38.70, now \$24.55
32x4	Goodyear Cord was \$52.65, now \$44.65
34x4	Goodyear Cord was \$55.50, now \$47.20

All other sizes reduced in proportion, and like everything else we carry a full line of sizes in stock.

Do not discard your old casings without first letting us inspect them. We may be able to add many more miles to their life with our process of vulcanizing.

"A Man May Be Down
But He's Never Out"

By BERT MOSES

The Salvation Army is helping and has helped more men, women and children out of the mire of vice, crime and depravity than all other forces on earth combined.

The Salvation Army has done and is doing more to reduce the number of inmates in jails and prisons than statistics can ever show, for it does not shunt its virtues from the house-tops nor boast of its accomplishments upon the billboards.

The Salvation Army is Christ-like in its attributes. It does what it believes the Nazarene would do were he on earth today.

You may have contributed to other worthy organizations, but here is an organization whose mission reaches lower down and thus reaches higher up than perhaps any other in all history.

WILSON HIMSELF IS NOT SATISFIED

This is Answer of His Friends to
Accumulated Objections of Amer-
ican Commission.

THINKS IT BEST POSSIBLE

Thought Germans Will Make Elev-
enth Hour Bluff to Break Off
Peace Negotiations.

(By United Press.)

Paris, May 22.—That President Wilson himself is not satisfied with the German peace treaty, was the answer his friends made today to the accumulated objections of the American commission which came to a head this week through tentative resignation of nine of the members.

The president, his friends say, believes the treaty is the best it is possible to obtain, considering the conditions and circumstances.

Associates of the president said when the whole story of the peace conference is told, it will be understood why the treaty contains just what it does and why there are certain omissions.

The president, it was said, accepts the treaty as an accomplished fact, however, now that it is in final form.

According to information from authoritative American sources, the final form of the treaty is not that in which it came from the preliminaries. Whether this is the result it has not been possible to state, but there have been many changes in the text since it was printed.

Some of these changes are due to the fact that as printed it did not represent the exact agreement reached by the peace conference. As a result various members of the American commission have been going over the document with a fine comb ever since.

Will Sign "Under Protest"

Paris, May 22.—The German peace delegates will make an eleventh hour bluff to break off negotiations, just to test the terms the allies have determined upon, according to the belief expressed in official French circles today. Once the enemy realized that the economic blockade will be tightened and several allied armies brought to attention ready to march into Germany—either the present or substitute delegates will sign "under protest." Is the way the French have figured it out.

In some quarters belief continues to grow that Foreign Minister Brockdorff will refuse personally to sign the document in the present form regardless of what his associates may do.

His expected withdrawal, it was said, would form the basis for the German bluff.

Demonstration For Peace

Berlin, May 22.—One hundred thousand independent socialists staged a great demonstration in favor of immediate peace. They bore numerous red flags and banners with the inscription, "We want only peace, bread and work." After they had been addressed by several speakers, the independent socialists marched to the square where 25,000 majority socialists were holding the demonstration against the treaty.

Before the appearance of the independent socialists, Chancellor Scheidemann addressed the crowd, declaring that "protest is Germany's only remaining weapon." Germany's final counter proposals to the peace treaty, it was learned from an authoritative source today, are as follows:

- 1.—Insistence on fulfillment of President Wilson's principles.
- 2.—Request for a plebiscite in the eastern and western provinces.
- 3.—Acceptance of the principle of full disarmament but with the re-

Pupils of Washington school will sing religious hymns for fifteen minutes before Mrs. Curry begins to speak. The city teachers will meet at 7:30 in another room of the building, this evening.

HOME SERVICE FUND MOUNTS TO \$618.90

Actual Reports Received by Elks
Committee Reveals This Sum
in Pledges and Cash

WALKER FIRST OUTSIDE CITY

With reports from only seven districts out of sixty in the county, the Elks committee in charge of the Salvation Army Home Service Fund campaign for \$3,000, today had \$618.90. Add to this the \$100 which the Tri Kappas made on Doughnut Day, yesterday, which had not been reported to the committee this morning, the total would be \$718.90.

William Arbuckle and Ed Lowden were the first committeemen outside of Rushville to make a report, and they sent in cash and pledges from the east precinct in Walker township to the amount of \$150. This is \$25 more than the quota assigned to them.

One committee in the business district raised \$187 and other committees in the same territory are expected to make equally as good a showing. Although the weather has been bad committees who are industrious, according to reports received here, will have their territory thoroughly canvassed by the end of the week, when the drive ends.

LIEUT. COMMANDER READ IS IN CHARGE

Skipper of American Seaplane NC 4
Fails to Make Jump-Off Today
Because of Weather

TOWERS GIVES HIM AUTHORITY

(By United Press.)

Ponta Delgada, May 22.—Lieut. Commander Read, skipper of the American seaplane NC 4 is now in charge of completing the trans-Atlantic flight, it was learned today.

With his own machine, the NC 3, a hopeless wreck, Commander Towers has decided to turn over the authority to Read.

The flight to Lisbon was again postponed today. The refactored motor, which forced Read to call off the attempt yesterday, was in good condition today but a stiff wind had blown up such choppy sea that it was impossible to make the jump-off today.

PUT IN EXCHANGE WITH NO OPERATOR

Rushville Phone Co. Will Put in
Community Automatic System
in Glenwood at Once

BUILDING BEING ERECTED

Local Subscribers Almost Tripled
Since Automatic Was Install-
ed in 1917—Now Number 2,000

The Rushville Co-operative Telephone company is beginning construction of a small building in Glenwood which will house a "man-less" and "woman-less" exchange. It is one of the first steps being taken to install an up-to-date automatic system in Glenwood, which has been served in the past with party lines connecting with the Orange and Palmonth exchanges.

When the exchange is put in and phones installed, Glenwood people can call any person on the Rushville system by first dialing two numbers, which will put them on the Rushville system, and then dialing the number which they wish. Glenwood will be a two-number system, so that persons on the Rushville system will have to dial only four number to reach a person on the Glenwood exchange, two to get onto the line and two to get the person wanted.

It will be the same as calling Melroy now, with the exception that it will not be necessary to talk to an operator. In fact, it will be impossible to talk to an operator because there will be none there. When the system is installed, the exchange will be locked up, and only periodic inspections and necessary adjustments will be made.

Incidentally, it was announced today that the Rushville company had reached another milestone in its meteoric career by increasing its subscribers to 2,000. Some idea of the wonderful success of the company may be gained from the fact that when the automatic system was installed here in 1917, just 12 years ago, there were only 700 subscribers. The number has been almost tripled in little more than a decade.

It is believed that if the community automatic exchange at Glenwood is a success, directors of the company will be in a mood to develop other towns in the county the same way so as to bring about a unified and compact system in the county. These community exchanges are in use in Ohio and Michigan and have been uniformly satisfactory.

There are now about 35 phone users in Glenwood, which has an estimated population of 300, but with the service which will be offered with the installation of the automatic, it is expected this number can be greatly increased.

All subscribers lines will terminate at the community exchange board, which will greatly increase the capacity of the system and improve the service, giving full 24-hour automatic service on all local calls. Toll and information calls will be trunked to the Rushville exchange. This will keep the cost of operation at a minimum and enable the company to offer very reasonable rates. To install a manual board, making operators necessary would increase rates considerably.

BILL FOR \$39,000,000

(By United Press.)

Washington, May 22.—The bill carrying \$39,000,000 for payment of soldiers' family allotment and allowance checks was reported out this afternoon by the house appropriation committee. Chairman Good announced. Good said he will urge passage of the bill upon presentation.

ASCENSION DAY SERVICES

Dr. Allan B. Philpott of Indiana-
polis Will Deliver Address—
Committees Are Announced

The annual Ascension day services of the local commandery of the Knights Templar will be observed Sunday, June 1. Dr. Allan B. Philpott of the Central Christian church of Indianapolis will deliver the address of the afternoon at the Main Street Christian church at three o'clock. The Greenfield, Newcastle, Connersville and Knightstown commanderies will be the guests of the local commandery at this time. It is thought that the Greenfield commandery will bring more than a hundred Knights and that there will be over three hundred in line.

Harry G. Strickland of Greenfield and Dr. O. E. Holloway of Knightstown, past grand commander, will be present at this meeting and take a part in the services. All the committees with the exception of the ladies reception committee are requested to be present at the Temple Friday evening at 8 o'clock to complete the arrangements. It is stated that this meeting will not conflict with the joint lodge memorial services, which will be held the same afternoon but which will be over before the time the other is scheduled to begin.

The names of those serving on the various committees are given herewith:

Indianapolis, Ind., May 22.—Opposing President Wilson's request that congress repeal the war time prohibition law, the Indiana Church Federation took steps today to counteract it.

Attempt to launch the campaign in all Hoosier churches next Sunday will be made by Morton Pearson, secretary of the federation, who sent messages to all ministers of the state asking them to make rigorous objections to the president's request.

CONGRESS FACING BIG MONEY PROBLEMS

House Meets Today to Take up In-
dian Appropriation Bill and Other
Financial Measures

SENATE CLASH IS AVERTED

(By United Press.)

Washington, May 22.—Congress is now ready to begin its grind on big money problems.

The house met today to take up the Indian appropriation bill, and other measures.

Senate republicans, taking advantage of the two-day adjournment of the upper branch, are reconciling their differences and preparing to get down to business. The threatened clash of republican regulars and progressives over some committee appointments, including that of Penrose as chairman of the finance committee and Warren as chairman of the appropriation committee, is understood to have been averted.

House republicans pointed to passage of the woman suffrage amendment as indication of the speed with which they are disposing of important measures.

Committee organization is being hastened in both branches.

SUFFRAGETTES MOVE CAMP OVER TO SENATE

They Hope to Obtain Favorable Vote
to Submit Constitutional Amend-
ment to States Soon

TO BE SLOWER THAN IN HOUSE

(By United Press.)

Washington, May 22.—Suffragettes today moved their camp to the senate, where they hope to obtain within a few weeks a favorable vote to submit the national suffrage amendment to the states for ratification.

Following their 304 to 89 victory in the house yesterday, suffrage leaders predicted the senate in its third opportunity in two sessions will finally approve the resolution.

Senate Hiram Johnson, scheduled to be chairman of the suffrage committee, announced that he will lose no time. "I will get the committee together as soon as possible," said Johnson.

After the committee's action, they will bring the question before the senate before the league of nations and peace treaty or other great problems are discussed.

The vote is expected to be closer in the senate than in the house and may not be reached so quickly as in the house.

That They Must O. K. Issues
Another Element of Delay

Construction of cement roads under the county unit road law passed by the last legislature, now looks like a dead issue, for this summer at least. When the county is unable to sell bonds for roads already ordered under the three-mile township road law, there does not seem to be much prospect of selling bonds for roads which are not yet ordered.

The county commissioners who, under the new road law, are the viewers, were expected to make a report this month on five or six petitions for permanent highways to be constructed according to the county unit act, but their report has been indefinitely postponed because of the failure of recent road bond issues to sell.

Although only two of five road bond issues offered Thursday, May 8, were taken, the county will make another effort to sell some road bonds Wednesday, June 4 when three issues will be offered for sale. They are as follows: An issue of \$11,200 to build the Chester Cross road in Jackson township; an issue of \$18,400 for the Fred McMann road on the Center-Jackson township line and \$20,160 for the Jacob D. Todd road in Center township.

A new element enters into the sale of bonds now which serves to delay the actual taking of the issues and indirectly holds up road building. The state board of tax commissioners maintains that the law gives it the power to pass on every bond issue of whatever character. An opinion of the attorney general puts another construction of the law. It says that road bond issues do not have to be approved by the state tax commissioners because they are really only local assessments. This leaves the question an open one, so that road bonds will not sell unless they have first been given the tax board's O. K. Some local attorneys do not believe that the tax board has the authority it claims, but nevertheless their claims throw a cloud on any issue which is not sanctioned by them. It is stated that some issues have been sold without

**America's
Immortals**

Most striking instances
of gallantry for which
the Distinguished Service
Cross has been awarded

The cold language of the official
records cannot conceal the thrill
that is to be found in every line of
each of the little stories that appear
below. These stories describe in
plain, matter-of-fact language feats
of the most unusual heroism per-
formed by members of the Ameri-
can army in France. They are the
most notable of thousands of cases
of exceptional bravery for which the
Distinguished Service Cross was
awarded on recommendation of Gen-
eral Pershing.

JOHN C. LATHAM,

Sergeant, M. G. Co., 107th Infantry.
Sergeant Latham was decorated for
conspicuous gallantry in action near
Le Catelet, France, September 20, 1918.
Becoming separated from his platoon
by a smoke barrage, Sergeant La-
tham, Sergeant Alan L. Eggers and
Thomas P. O'Shea took cover in a shell
hole well within the enemy's lines.
Upon hearing a call for help from an
American tank, which had become dis-

abled thirty yards from them, these
three soldiers left their shelter and
started toward the tank under heavy
fire from German machine guns and
trench mortars. In crossing the fire-
swept area, Corporal O'Shea was mortally
wounded, but his companions, unde-
terred, proceeded to the tank, rescued
a wounded officer and assisted two
wounded soldiers to cover in the sap
of a nearby trench. Sergeant Latham
and Sergeant Eggers then returned to
the tank in the face of the violent fire,
dismounted a Hotchkiss gun and took
it back to where the wounded men
were, keeping off the enemy all day by
effective use of the gun, and later
bringing it, with the wounded men,
back to our lines, under cover of dark-
ness. His home address is Knotts
View, Windermere, Westmoreland,
England.

CHARLES W. WHITTLESEY,
Major, 399th Infantry.

Major Whittlesey, the hero of the
"go to hell" refusal to surrender, was
decorated for conspicuous gallantry
and intrepidity in action with the en-
emy northeast of Binardville, in the
Forest d'Argonne, France, October 2-
7, 1918. Although cut off for five days
from the remainder of his division,
Major Whittlesey maintained his posi-
tion which he had reached under or-
ders received for an advance and held
together his command, consisting origi-
nally of 403 officers and men of the
308th Infantry, and Company K of the
307th Infantry, in the face of a su-
perior number of the enemy during the
five days. Major Whittlesey and his
command were thus cut off and no ra-
tions or other supplies reached him in
spite of determined efforts which were
made by his division. On the fourth
day Major Whittlesey received from
the enemy a written proposition to
surrender which he treated with con-
tempt, although he was at that time
out of rations and had suffered a loss
of about 50 per cent of killed and
wounded of his command and was sur-
rounded by the enemy. His home is in
Pittsfield, Mass.

GRANNIS I. SYVERSON,
Private, Company C, Sixth Machine
Gun Battalion, U. S. M. C.

Private Syverson was awarded the
Distinguished Service Cross for ex-
traordinary heroism in action near St.
Etienne, France, October 3, 1918. When
our advance infantry was forced to
withdraw, Private Syverson's machine
gun crew refused to withdraw, but
calmly set up their machine gun. The
gun was upset by a bursting hand
grenade, which also injured two mem-
bers of the squad. Despite these in-
juries they immediately reset the gun
and opened fire on the advancing Ger-
mans when twenty feet distant, caus-
ing the Germans to break and retreat
in disorder. Private Syverson's home
address is 1203 Sullivan street, Seat-
tle, Wash.

HENRY W. PHILBLAD,
Corporal, 78th Co., 6th Regiment, U.
S. M. C.

Corporal Philblad (deceased) was
decorated for conspicuous gallantry in
action at Blanc Mont, France, October
3, 1918. Corporal Philblad advanced
alone on two machine gun nests, which
he captured, killing several of the
crew with his pistol. Two hours later
he again went forward with two other
soldiers and was attacking another
machine gun nest when he was killed
by shrapnel. His home was in Knox-
ville, Ill.

**Powerful Pile
Remedy Discovered**

Has Never Failed to End Most Ob-
stinate Case of Piles in Few Days

For years it has been proved that
so-called external remedies applied
to or inserted in the rectum cannot
cure piles, and at the best can only
give temporary relief. Surgical op-
erations also do not remove this
cause, but simply the formation.

This wonderful prescription,
known as Miro Pile Remedy, is so
efficient in the treatment of piles,
that even chronic cases of from 20
to 30 years standing with profuse
bleeding have been completely cured
in from three to ten days. Think of
it! Just a few doses of a carefully
balanced prescription and the most
persistent case of piles is absorbed,
never to return.

All pharmacists dispense Miro or
can get it for you on short notice.
Surely it's worth the little trouble
to obtain it to be rid of piles for-
ever.

IMPORTANT—What is known as
itching piles are not piles in the true
sense of the word, although this
condition may accompany a true
case of piles. For this condition
Miro Pile Ointment has been pre-
pared as in such cases it is not
necessary to take the internal pre-
scription.—(Adv.)

CHARLES D. BARGER,
Private, First Class, Company L, 354th Infantry.

Private Barger was awarded the Distinguished Service Cross for conspicuous gallantry in action near the Bois de Bantheville, France, October 31, 1918. Learning that two daylight patrols had been caught out in No Man's Land and were unable to return, Private Barger and another stretcher bearer, upon their own initiative, made two trips 500 yards beyond our lines, under constant machine gun fire, and rescued two officers. His uncle, Henry S. McFeron, lives in Stott City, Miss.

Local Improvements.

The successful business man must base his life upon honor and integrity. Beyond and outside of these, he must have the compound of initiative, aggressiveness, determination, practicability and vision which America, in her love for condensation, has chosen to style "pep". Progressive towns must possess the same qualities. It must have the judgment to realize that its prosperity and growth depend on the home advantage and business advantages which it can offer. And it must have vision enough to see that expenditures which secure these advantages are not an extravagance but an asset.

Money spent in local improvements such as public buildings, schools, good roads, sewers, city water, gas and electric light, is money well spent. Undertaking any of these improvements is like making an excellent investment, which is bound to return dividends. The gain to the town reverts to the comfort and benefit of every citizen.

Who wants to live in a town without "pep", a town which drags out its monotonous existence without growth or improvement? When the question of a local improvement comes up, stand behind it, "boost" it, work for it, vote for it. Install local improvements, and you will see your town sought by business enterprises and manufacturing.

Stand up for local improvements first, last and all the time, and you will help make your home town a desirable place of residence and a progressive business center.

A Headstone to the League.

It is seriously planned to disfigure the magnificent Perry Memorial at Put-in-Bay on Lake Erie with an addition to be known as the Monu-

Sep and Salt

By BERT MOSES.

Common Sense will beat a classical education a dozen times out of 12.

A Bolshevik is a man who is "agin" dividends up to the time he succeeds in getting some.

No woman ever succeeded in making herself as ridiculous as the women in fashion pictures.

Some women are not much intellectually; but, as Eph Swope, says, they are "tremendous lookers."

Mez Heck says: "Too much culture is like too much stomach—it sticks out and makes folks laugh."

Married folks who do their loving in public hold the average true by doing their fighting in private.

If men would go at their work as energetically as they go at pie, a whole lot more would be accomplished.

ment to the League of Nations. Why the fanciful dream that is known as a league of nations should receive such commemoration is a mystery not explained. The league is not a reality, never has been, and may never be. Moreover it signifies the direct antithesis of the purpose that animated Perry when he achieved his memorable victory over the British in the War of 1812. He was fighting for the perpetuation of Americanism against the power that sought to destroy it. The league of nations seeks to wipe out by the pen what the English guns on Lake Erie sought to conquer on that memorable September day. There is no possible excuse for insulting the memory of the brave Perry by combining a league memorial with the handsome structure erected in his honor.

New Hampshire has enacted a law which makes it a crime to advocate or have in possession literature which advocates overthrow of government for force, or interference with lawful rights by force. This may get some of the bolshevik and may not. It all depends upon the kind of men who do the enforcing. The time may come when force of the kind exercised out West may be necessary in defending the country against the lawless element all over the country.

Germany has a providence watching over her. She wanted war and she got enough of it. Then she wanted peace and now she has more

of it than she knows what to do with.

The day is coming when all of us who can afford trips to Europe will engage our passage in an airship. Besides speed we shall probably get good ventilation.

Our modest young returned soldiers and sailors are much more anxious about the fit of their new "civies" than over public demonstrations.

Americans used to be renowned in Europe for being good spenders. Now their reputation throughout the world will be that of good lenders.

HOW TO GROW

Peas.

Peas are not adapted to growing in very small gardens, as they require much space. The smooth varieties may be sown very early or just as soon as the ground is in shape to work in the spring. The wrinkled varieties should not be sown until the ground has warmed slightly. Some of the dwarf varieties can be grown without supports, but the larger growing sorts require brush, a wire trellis or some form of support.

The old fashioned English sugar pea on good soil will grow to a height of five or six feet and produce peas until midsummer. It should be borne in mind that under ordinary conditions peas do not withstand great heat, and that they must produce their crop before midsummer.—United States Department of Agriculture.

Erroneously reported died of disease—Private William E. Wright, Fairmount.

ARTHUR F. BRANDT,

Corporal, Co. E, 168th Infantry.

Corporal Brandt, whose home was with his mother, Mrs. W. F. Brandt at Postville, Iowa, won the Distinguished Service Cross for conspicuous bravery in action northeast of Verdun, France, October 16, 1918. After his company had been in action three days, during the attack on the Cote de Chatillon and was to be relieved, Corporal Brandt volunteered to guide the company to a position of security in the rear which he had selected. While the relief was being made under shell fire, this soldier and four others were severely wounded by a bursting shell. Realizing that his wound would prove fatal, Corporal Brandt while being carried on a stretcher indicated the route to be taken by the company, being wounded in the face and scarcely able to talk. Through his extraordinary fortitude and will power, the company was able to reach its position over difficult terrain and under enemy fire. Corporal Brandt died from his wounds the next day.

LET THESE COLUMNS BE YOUR GUIDE

IT'S NOT YOUR HEART; IT'S YOUR KIDNEYS

Kidney disease is no respecter of persons. A majority of the ills afflicting people today can be traced back to the kidney trouble.

The kidneys are the most important organs of the body. They are the filters of your blood. If the poisons which are swept from the tissues by the blood are not eliminated through the kidneys, disease of one form or another will claim you as a victim.

Kidney disease is usually indicated by weakness, sleeplessness, nervousness, despondency, backache, stomach trouble, pain in loins and lower abdomen, gall stones, gravel, rheumatism, sciatica and lumbago.

All these derangements are nature's signals that the kidneys need help. You should use GOLD MEDAL Harslem Oil Capsules immediately. The soothing, healing oil stimulates the kidneys, relieves inflammation and destroys the germs which have caused it. Go to your druggist today and get a box of GOLD MEDAL Harslem Oil Capsules. In twenty-four hours you should feel health and vigor returning. After you feel somewhat improved continue to take one or two capsules each day, so as to keep the first-class condition and ward off the danger of other attacks.

Ask for the original imported GOLD MEDAL brand. Three sizes. Money refunded if they do not help you.

BEATEN GERMANY LOOKS TO THE EAST

Russia, Japan and China Expected to Aid in Her Revenge Against Western Democracies.

PLAN MADE TO BREAK TREATY

Her First Step in the New Course Will be to Gain the Confidence of Easterners

By J. W. T. MASON
(Written for United Press.)

New York, May 22—Germany is preparing to turn to the east for revenge. German statesmen, crafty, unscrupulous, and full of resentment against the western democracies, are laying plans to break the peace treaty after the signatures have been forced from the defeated plenipotentiaries at Versailles.

Germany is looking to Russia, China, and Japan for eventual help in creating a new league to overthrow the western nations: control of the world. Germany, Russia, China, and Japan are all disappointed at the outcome of the peace negotiations. China believes she has been deserted by the western powers; and the Japanese are resentful because they have not been recognized as the racial equals of the white people of America and Great Britain.

Germany, therefore, is hopeful of making subtle suggestions to China and Japan concerning the advantages of a secret league to seek revenge against the west. Russia has been denounced by the victorious allies in Europe as an outcast nation. France in particular, has forgotten her own revolution when two-thirds of the French national debt was repudiated and four hundred dollars in French paper money sold for one dollar in real cash.

France's refusal to co-operate with America and Great Britain in trying to help the present Russian government get on its feet has made real assistance to Russia impossible. Russia, therefore, is now unable to count on help from the west. If the Germans can assist Russia to recover her balance, it will be to Germany that the Russians will naturally turn for future guidance.

Germany's first step, therefore in her search for means to break the peace treaty, is to form an intimate relationship with Russia. Already efforts are being made in Berlin to this end. German agents are in Russia advocating the mutual advantage of secret co-operation between the two nations.

Once this movement shows signs of progressing, its spread into China and Japan will be deftly sought by Germany's leaders. Germany threatened this very outcome to Ambassador Gerard when America was preparing to enter the war. The ruthless brutality of the Germans during the war savors more of an oriental race than a western nation. The Germans may thus claim racial relationship with the Orient for the purpose of urging co-operation.

The situation is certain to develop

A HOT SPOT Chalmers Responds Like a Spirited Horse

THE huge, road rolling type of motor car with gigantic engine has less friends than once it did. For everyone nowadays likes "life," get-up-and-go, in a car just as he or she does in a human being, or an animal.

That's why the Hot Spot Chalmers has won friends in ever increasing numbers.

It has the ginger of a spirited horse.

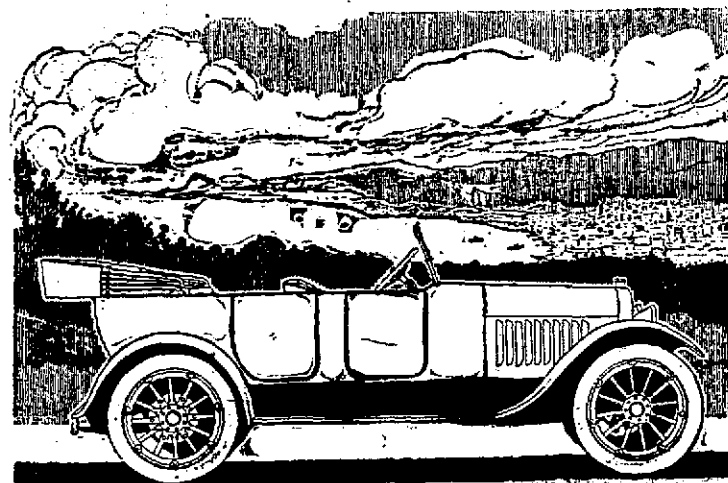

Ask for a little and you get more than you ask.

All because its great, magnificent engine "chews up" gas and delivers power results in uncanny fashion.

Hot Spot "breaks up" the gas so that when Ram's-horn dispatches the "powdered" gas to the cylinders you get every particle of power nature put into gas.

Hence a brute type of an engine is not found in a present day Chalmers, but a medium sized engine that delivers a wallop with a silky smoothness almost beyond belief.

Ride once with your foot on the little button of a Hot Spot Chalmers and your conception of a motor car is changed; thereafter you too will say Chalmers is one of the few great cars of the world.

into a serious menace unless the western diplomats quickly begin to counteract the new German propaganda. Russia is the key. With Russia hostile to Germany's designs, the Germans will be impotent. They will be geographically isolated from the far east and unable to form an effective oriental alliance. The western democracies, therefore, must revise their treatment of Russia, or see Germany continue as a dangerous plotter against civilization's progress.

Brown Rats Predominate Help Exterminate Them

The brown rat was introduced into the United States about 1775 and has nearly exterminated the black rat. This is true because it is a cannibal is very savage, is wonderfully prolific, and is able to adapt itself to all sorts of conditions. They are at home anywhere.

They destroy fully five times as much as they eat in both city and country. They eat newly planted grain, while growing and in the shock, when in the stack, mow, crib,

first being approved by the state board, which has not taken the question into court for a test case.

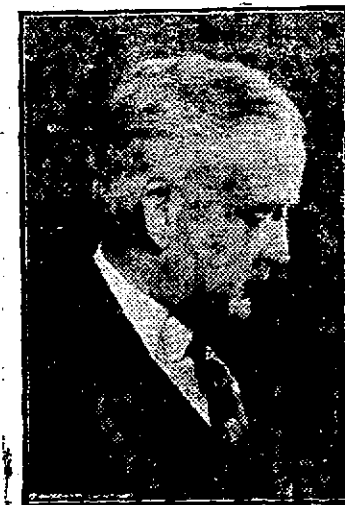

Although the Arlington bank bid par and accrued interest on the issue of \$22,240 to build the Tribby cement road in Arlington, the sale has not yet been made because the state board has never sanctioned the issue. An Indianapolis bonding house is said to have agreed to take the issue of \$33,396 to build the John R. Weir road in Noble township. This sale is also awaiting the official O. K. of the tax board.

Should the Weir road, which will be an extension of the Frank Cappel cement road running south out of Rushville to the Noble township line be built this summer, it is believed that there is some prospect of extending the road to the county line under the county unit law. Road boosters are a bit blue about the prospects of building under the law this summer and will be thankful if they get that much through.

There is a disposition, anyway,

not to go too far with construction under the county unit law until the program of the state highway commission is fully prepared. The county does not want to build any permanent roads which the commission may build from the state highway fund.

The Rebekahs will meet in regular session Friday evening at eight o'clock. A good attendance is desired as there will be degree work.

The regular meeting of the Happy-Go-Lucky club, which was to have been held tomorrow afternoon, has been postponed until a later date on account of the death of Mrs. Fanny O. Smith.

Mr. and Mrs. Walter Easley entertained the Century Five Hundred club at their home in North Perkins street. After an evening spent with playing 500 hundred, the guests enjoyed a delicious luncheon.

Miss Nora E. Siler, a returned missionary from Porto Rico, will deliver the C. W. B. M. address at Sexton next Sunday night. All members of the local society are urged to be present and the public is earnestly asked to attend this meeting.

She Finds Herself Much Better

Symptoms of kidney trouble—lame back, rheumatic pains, stiffness and soreness in muscles and joints—should not be neglected. Mrs. L. Wavue, 2726 3rd St., Ocean Park, Cal., writes: "I used to have pains in my right hip. I could hardly turn in bed. Now I find I am much better by using Foley Kidney Pills. Likewise pains in my back left." Middle aged persons find them particularly beneficial for weakened kidneys and for bladder ailments. Tonic in action. F. B. Johnson. (Adv.)

Miss Lily Helen Happer is the first yeoman (F) to be naturalized in the United States. She is a chief clerk in the United States Naval hospital in Washington and has transferred her allegiance from Canada to the United States.

Members of the local society are urged to be present and the public is earnestly asked to attend this meeting.

The Loyal Women's class of the Main Street Christian church held their regular business meeting last evening in the parlors of the church. Many plans were discussed at this time for the class. In connection with the meeting the guests enjoyed a delicious pitch-in supper in the basement.

Twenty-two members attended the call meeting of the War Mothers yesterday afternoon, held at the home of Mrs. Lewis Cline in North Morgan street. At the business meeting \$25 was collected for the Salvation Army fund and \$1.50 for Doughnut day. Also arrangements were made for Decoration day, at which time the war mothers are to march in a body with the Relief Corps to the cemetery.

A very pleasant surprise was given on Mrs. Esa Ballinger at her home in Milroy Sunday when relatives came with well filled baskets and spent the day with her. Those enjoying the affair were: Mr. and Mrs. D. C. McKee and family of Newcastle, Mr. and Mrs. C. O. Kelso and daughter of Newcastle, Miss Della McKee of Anderson, Mr. and Mrs. I. C. McKee of Anderson, Mr. and Mrs. C. H. Wilson and family of New Salem, and Mr. and Mrs. Frank Ballenger of Indianapolis.

A delicious two course dinner was served last evening in the Social club rooms, when the men of the club entertained the ladies at a dinner-dance. The men were dressed as waiters and served the repast to the one hundred and ten guests present. Forty couples attended the dance afterwards, Ernest Mitchell's orchestra furnishing the music. The

WABASH TELEPHONE MANAGERS MET TODAY

E. M. Van Nostrum Talks on Effects and Results of Federal Control of Wires

D. H. WHITMAN TO TALK ALSO

Marion, Ind., May 22.—Federal control of the telephone wires and its results and related problems were to be taken up by telephone men here today at a meeting of the Wabash Valley Telephone association. The association membership consists of telephone managers of whom E. M. Van Nostrum is president.

"Effects and Results of Federal Control" is the subject upon which W. H. Van Horn, manager of the Home Telephone Company of Wabash, addressed the meeting. D. H. Whitman, commercial superintendent of the Central Union Telephone company of Indiana, was to talk on "Trend and Possibilities of Exchange Service Rates." B. E. Earley, manager of the United Telephone Company of Bluffton, discussed "Profits From Directory Advertising."

Mayor Elkanah Hulley welcomed the telephone men.

First Political "Pow-Wow" to be Attended by Both Sexes Opens at Capital

WOMEN SITTING AS DELEGATES

Washington, May 22.—The first national political "pow-wow" in history to be attended by both men and women opened here today with chairmen of both the men and women's Republican state central committees sitting as delegates.

Republican party chieftains at the opening of the conference said that women delegates would have an equal voice with the men in deciding organization maneuvers and policies to be outlined with a view of carrying the party to victory in 1920.

The prospects for the passage of a constitutional suffrage amendment during the present session of the 66th congress are also expected to come up for discussion.

The conference, which met at 10 o'clock this morning is to continue through today and tomorrow, ending with a banquet tomorrow night.

TAX ON NIGHTIES

New York, May 22.—Good Morning, have you paid your nightgown tax?

Yes, the nightie- nightie is a luxury, and local tax collectors are being bombarded with requests for information, down to the barest details.

But, it should be explained, the nightgown tax applies only to the five dollar kind. The difficulty is that nighties costing less than that are practically obsolete. Anything under five bills, according to authorities on the subject, is of ancient Gothic design, square cornered, canvas material, palm white or vanilla in color, turned out in lots of thousand at a time by the simple process of taking a bale of sail cloth and stamping out a hole for the neck and shoulders.

Gallus? Peel It Off Quickly!

Nothing On Earth Like "Gets-It" For Corns and Calluses.

A spot of thickened skin on the bottom of your foot which so often makes walking an agony, is as easily removed by wonderful "Gets-It" as

Callus Comes Off Like Banana Peel! any hard or soft corn anywhere on your toes. Look at this picture. A few drops of "Gets-It" did the work. The callus comes loose from the true flesh. No irritation whatever. You peel the callus right off just like a banana peel—peacefully, painlessly. "Gets-It" does the same thing to any corn, without the use of sticky plasters, irritating salves, greasy ointments or bandaging tape. There's no fussing—no knife, no scissors to use. "Gets-It" is used by millions, because it's common sense, and it never fails. Try it, prove it. "Gets-It," the guaranteed, money-back corn-remover, the only sure way, costs but a trifle at any drug store. Mfg. by E. Lawrence & Co., Chicago, Ill.

Vital force is the material from which leaders in all walks of life are made. It is well worth getting and holding.

The health and nerve of the athlete is what Nature intended every man and woman to have.

The blood of an athlete is pure and red, a strong heart pumps and drives it through his body. No wonder that every inch of his system is filled with energy and health, his nerves like iron, spirits high, hard tasks a pleasure and life one song of joy.

A leading Doctor says, "Everyone should feel this way. That if you are not red blooded, are nervous, all run down and on your last legs, for you to build up your blood and nerves with exercise, fresh air, nourishing food and Nature's great prescription, Phosphated Iron a real blood and nerve builder."

He also says, "Phosphated Iron feeds the blood cells with iron and nerve force, and that leading specialists are now using it successfully all over the country, that it is one of the few remedies that better class doctors can now depend on to produce results."

Special Notice: To insure doctors and their patients getting the Genuine Phosphated Iron we have put in capsules only, so do not allow dealers to sell you pills or tablets.

Janesville Two-Row Cultivator

WHEN you sit comfortably on the easy riding Janesville Two-Row, and see every plant in every row getting *exactly the cultivation you want it to have*, you think what a blessing it is that you have a machine to do all *that work*. The old timers would think so if they could see you getting over the field so rapidly, and doing the work better than they ever did.

The Janesville Floating Arches solve the problem. They are hung by pendulums from the top bar and swing from side to side with a pendulum movement. You widen or narrow the gangs in the row with your feet. Or lock them at any width desired.

The shovels naturally follow the rows, but you can shift them to either side so quickly and so easily that you can hoe every hill without stopping the team.

Your own weight on the seat bars acts as a lever to turn the wheels slightly up hill—this big advantage takes the down-hill creep out of side-hill plowing. The entire machine is light, compact, flexible—no oiling needed except in wheel boxes.

Cultivate with a Janesville Two-Row—and you will forget that there ever was hard work in cultivation.

Our Interest Doesn't Cease When the Goods Leave Our Store

We are just as much interested as you are in good work by the implements that you buy from us.

When you come into our store to buy an implement, you are mainly interested in getting a good bargain. And we are mainly interested in giving you a good bargain.

As we see it, there isn't a particle of difference between a good bargain for you and a good sale for us. They mean exactly the same thing.

If the implement you buy gives you full satisfaction in actual work, you have made a good bargain and we have made a good sale. No matter what you buy of us, we are concerned in its giving satisfaction.

We live here among you. We do business over and over with the same people. We know that we can't make future sales by selling unreliable goods, but that the extent of our patronage depends upon the satisfaction given by each and all of the implements we sell.

To help us carry out this policy of ours, we handle only high-grade implements and machinery that have a reputation for satisfactory service in the hands of the farmer.

Our interest follows these implements and machines into the field and, if for any reason they fail to work properly, we take steps to find and remedy the trouble.

Our business is founded on confidence—and service. Make our store your headquarters when in town.

Rheumatism Leaves You Forever.

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System Within Twenty-four Hours.

Every druggist in this county is authorized to say to every rheumatic sufferer in this vicinity that if two bottles of Allenru, the sure conqueror of rheumatism, does not stop all agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment.

Allenru has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and pitious and where the patient was helpless.

Allenru relieves at once. Immediately after you start to take it the good work begins. It searches out the uric acid deposits, dissolves the secretions and drives rheumatic poison out of the body through the kidneys and bowels.

It's marvelous how quickly it acts. Blessed relief often comes in two days, and even in cases where the suffering is most painful all traces disappear in a few days.

Mr. James H. Allen, the discoverer of Allenru, who for many years suffered the torments of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allenru decisively conquers this worst of all diseases, and he has instructed all druggists to guarantee it in every instance, adv.

Advertising Advertising

This is an advertisement.

Not a very long one, to be sure, but an advertisement.

It has a most unusual purpose—to advertise advertising.

The message is this :—

Don't miss the advertisements in this newspaper.

Many of them make good reading just from the news and educational standpoint alone.

But more than that :—

Advertisements keep you in touch with the world's progress.

They point the path to little comforts that were unknown in the old days.

They announce the latest styles and tell you where to go to get the most and best for your money.

They help you save.

They protect you from fraud.

Don't miss the advertisements.

They are guide-posts to better buying.

Obituaries 33

Donnie Zettie (Phillips) Mahin

Donnie Zettie (Phillips) Mahin, was born in Decatur County February 16, 1870, and died April 21, 1919, age 49 years, 2 months and 5 days. She was united in marriage to R. E. Mahin of Rush County, September 17th, 1892. To this union were born two children, Ray, who departed this life April 27th, 1914, at the age of 21 years and Annie Fay age 21 years. Her mother has also preceded her, departing this life July 11, 1898.

She is survived by her husband, R. E. Mahin, her daughter Annie Fay, her father, Mr. Jas. Phillips, and two sisters, Mrs. Nettie Craig, of St. Omer, and Mrs. Florence Gahamer of Rush county. One brother in Oklahoma.

Some thirteen or fourteen years ago she united with the Christian church of Homer, Indiana, and retained her membership at this place until her death. She departed this life near Batesville, Indiana, after a brief illness of influenza.

The words of Tennyson can appropriately be used in tribute to the dead.

Sunset and evening star,
And one clear call for me
And may there be no moaning of
the bar
When I put out to sea.

But such a tide as moving seems
asleep

Too full for sound and foam
When that which drew from out the
boundless deep
Turns again home.

Twilight and evening bell
And after that the dark
And may there be no sadness of
farewell
When I embark.

Far though from out our home of
time and place
The flood may bear me far
I hope to see my Pilot face to face
When I have crossed the bar.

Sharks Piled Up Like Cordwood.

Seven thousand sharks, split in half, dried and piled up like cordwood, filled the hold of the Gryme, which arrived at San Diego, Cal., from Guadalupe Island and Ensenada, Lower California. The cargo will be used for fertilizer and for soaps and cosmetics.

Cultivators

THE OLIVER ONE AND TWO ROW

You will not find any neck weight on the Oliver Cultivators. The close, direct hitch is one of the main features that makes the two-row the lightest draft on the market. The gangs are eagle claw and are short and do not extend back of the wheels. The shovels work directly under the frame, which eliminates the neck weight and makes it the lightest draft two-row on the market. For sale by

The World Demands, Strong, Vigorous, Keen-Minded, Men and Women

It has been said of Americans that they work their habits overtime.

Many become nervous and inefficient by overwork.

By worry, despondency, social affairs, robbing brain and body of needed rest; excessive use of tobacco, indulgence in strong alcoholic drink—excesses of every kind that burn up the vital powers so necessary in these trying times to make both men and women fit to be of help to themselves and others.

It is time to be temperate in all things. The man or woman with impaired nerves caused by impoverished blood lacks vigor, the ambition, the endurance and the keen mind of those who avoid excesses.

Timidness, despondency, fear, trembling hands, want of confidence and even cowardliness, are due in a large measure to abused nerves.

People with plenty of red blood corpuscles and strong, healthy nerves, have no desire to shirk work and lean on others for guidance and support.

There is hardly a nerve-shattered man or woman (unless of an organic disease) in America today who cannot become alert and clear in mind; vigorous and energetic in body in a very few weeks and at trifling cost.

To become strong and ambitious, to feel that work is not drudgery; to have steady nerves, abundance of red blood and power of endurance; to be not only a man but as men now go, a superman, you must take seven tablets of Bio-feren every day for seven days—and take them faithfully.

Take two after each meal and one at bedtime and after seven days take one only after meal until the supply is exhausted.

Then if you feel that any claim made in this special notice is untrue—if your nerves are not twice as steady as before; if you do not feel ambitious, more vigorous and keen-minded; the pharmacist who dispensed the tablets to you will gladly hand you back just what you paid for them.

FOUR FORMER WINNERS WILL COMPETE FOR FIRST HONORS IN BIG INDIANAPOLIS RACE

A long standing argument as to the supremacy of four former winners of championship events on the Indianapolis Motor Speedway will be decided during the Indianapolis 500-mile Liberty Sweepstakes race, May 31st, when Jules Goux, Rene Thomas, Ralph De Palma and Dario Resta join battle in that event.

Goux was the first European ever to win an Indianapolis classic, romping home in handy fashion at the wheel of a Peugeot in 1913. Next year he was not so fortunate, being beaten by Rene Thomas, another Frenchman, with a Delage.

In 1915, the world war kept the Europeans too busily engrossed to participate in the Hoosier contest, with the exception of Dario Resta, with whom Ralph De Palma fought

the greatest speed duel in racing history, winning out only after 500 miles of the most sensational driving, with the decision in the balance until the last lap.

The year following Resta turned the tables, however, running away from the field and holding the race in the hollow of his hand the entire distance. This was the year that Resta won the A. A. A. driver's championship, and cleaned up more than \$45,000 in prizes.

Which one of the quartet will demonstrate himself to be the best man in this year's five-hundred-mile encounter? Here is a question that the wisecracks are puzzling over, with one guess as good as another. At this writing it looks like a neck-and-neck race from the starting signal to the finish bomb.

Prices Smashed

The thing the motorist has been waiting for has happened—Tires have been reduced 15% in price to the consumer. The following is a comparison between some of the old and new prices in order to give you an idea of what this means:

30x3	Goodyear, Non Skid, Fabric	was \$18.50, now \$15.75
30x30½	Goodyear, Non Skid, Fabric	was \$23.50, now \$20.00
32x3½	Goodyear, Non Skid, Fabric	was \$27.45, now \$23.35
31x4	Goodyear, Non Skid, Fabric	was \$36.65, now \$31.25
32x4	Goodyear, Non Skid, Fabric	was \$37.40, now \$31.85
33x4	Goodyear, Non Skid, Fabric	was \$39.25, now \$33.35
34x4	Goodyear, Non Skid, Fabric	was \$40.10, now \$34.10
30x3½	Goodyear Cord	was \$38.70, now \$24.55
32x4	Goodyear Cord	was \$52.65, now \$44.65
34x4	Goodyear Cord	was \$55.50, now \$47.20

All other sizes reduced in proportion, and like everything else we carry a full line of sizes in stock.

Do not discard your old casings without first letting us inspect them. We may be able to add many more miles to their life with our process of vulcanizing.

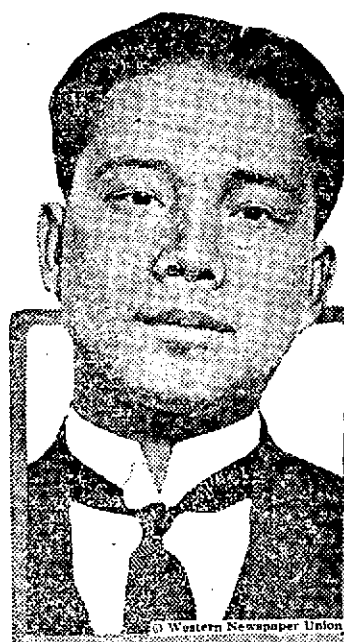

Work Guaranteed.

Prices Reasonable.

"A Man May Be Down
But He's Never Out"

By BERT MOSES

The Salvation Army is helping and has helped more men, women and children out of the mire of vice, crime and depravity than all other forces on earth combined.

The Salvation Army has done and is doing more to reduce the number of inmates in jails and prisons than statistics can ever show, for it does not shout its virtues from the housetops nor boast of its accomplishments upon the billboards.

The Salvation Army is Christ-like in its attributes. It does what it believes the Nazarene would do were he on earth today.

You may have contributed to other worthy organizations, but here is an organization whose mission reaches lower down and thus reaches higher up than perhaps any other in all history.

GOOD ROADS PREVENT FIRES

National Forests Must Be Equipped With Highways, Trails and Lookout Stations.

National forests cannot be economically and efficiently protected against fires until they are well equipped with roads, trails, telephone lines and lookout stations, says the annual report of the chief forester of the United States service.
